## We export one of the best Bananas from Ecuador

Nowadays, the entire world enjoys and appreciates the great quality of Ecuadorian bananas. Under this fact, our company was born in 2008: Toty Bananas. A company committed with the highest standards of quality, production, good farming practices and the best ethical behavior on our entire commercial relationships with both producers and buyers. We have achieved a very good recognition on both the international and local market, thanks to the quality of our fruit and our COMMITMENT with our clients and producers, based on an equality and honesty scenario. Our fruit is cultivated and produced in areas of Ecuador known for the quality of their soil, weather, production and quality of the banana. Additionally, all of our production and packaging processes is possible thanks to our top technology, innovation and constant assessment from our specialized technical team.

Today, Toty Bananas is committed in producing and exporting premium banana, under strict sustainable agricultural standards, taking care of the environment, social policies, supporting the local agricultural communities, achieving and keeping a fair relationship with our producers, employees, collaborators and with our final client.

Our vision is be recognized as a reliable company, honest and committed with its producers and clients abroad and in the country, efficiently achieving common benefits, searching each day the sustainability of our clients and our company. If our producers are Ok, our clients are Ok. We are the best banana of Ecuador, we are Toty Bananas.

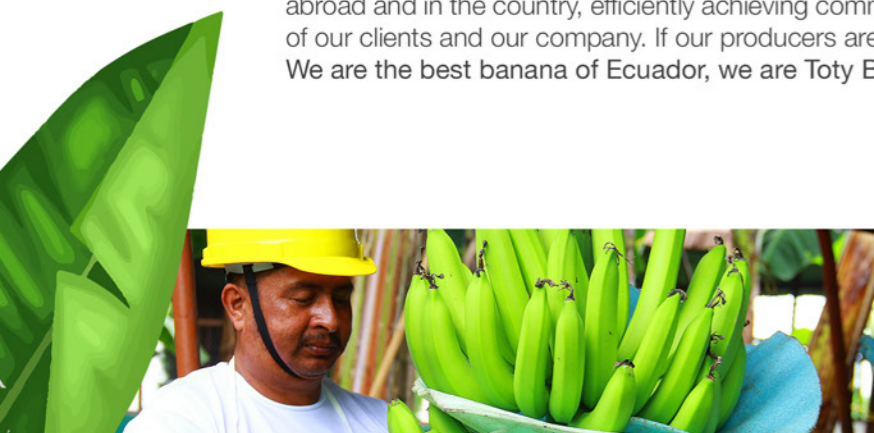

## Values and COMMITMENT with our Clients

Committed to our clients, we offer our best production, packaging and commercialization of high quality bananas. Our company supplies the best banana to several countries in America, Europe, the Middle East, and Asia, complying with the most demanding quality standards, exporting directly with our main brands: Toty Bananas, Don Segú and Vale Bananas. A process assisted with the most advanced technological and certifications of our agricultural industry. We highlight our values and personalized relationship; full of ethics and honesty, signing and honoring all contracts and commitments with our clients.

Our production and exportation objectives mainly maintain our commitment with our country, our agricultural communities and the environment. Our producers keep and maintain their farms in order to deliver a safe fruit under strict quality certifications.

For our organization, life is of vital importance; that is why in our farms we preserve our main ally: the soil, additionally we protect and take care our forests, species and wildlife. We celebrate a great commitment with our collaborators, providing a safe place, respecting their rights and integrity, and our visitors' as well.

## Banana Processing Certifications and Quality

Our producers and farms have the best certifications and technological infrastructure to achieve the most efficient production process. Always maintaining an optimal irrigation system in our plantations, drainage system, recycling pools in packing stations, excellent access roads, container parking with the right system in each packinghouse. All the infrastructure of our farms assure to be able to offer to our clients a process and fruit of great quality.

Toty Bananas has technicians and specialized personnel to advise our producers in the production of an excellent banana, with the highest standards and certifications.

We have specialized technicians to select our best fruit and choose the packaging material required by our customers, according to the specific market they indicate.
